PT GLOBAL MARINE LOGISTICS

Our Services :

Domestic & International Sea Shipping

Involves the delivery of goods between regions or islands within a country via sea routes. In archipelagic countries like Indonesia, domestic sea freight is essential as it connects islands separated by the ocean.

- Relatively Low Cost
- Ideal for Large and Heavy Shipments
- Wide Reach Across Islands
- More Scheduled Deliveries
- Minimizes Risk of Damage
- Efficient for Non-Urgent Shipments
- Cost-Efficient for Bulk Goods
- Very High Cargo Capacity
- Supports Global Export-Import Activities

PT GLOBAL MARINE LOGISTICS

Our Services :

Freight Forwarding & Customs Clearance

We offer comprehensive Freight Forwarding and Customs Clearance services to meet the needs of both domestic and international shipments. Our team manages the entire shipping process, from selecting the most efficient transportation modes, managing shipments, to preparing the required documentation. We also ensure that every shipment complies with customs regulations by handling the Customs Clearance process, including tax and duty payments, as well as cargo inspections at ports or airports. With our global network and extensive experience, we provide safe, timely, and seamless shipping solutions for our clients.

PT GLOBAL MARINE LOGISTICS

Our Services :

Project Cargo Handling

We provide Project Cargo Handling services designed to manage the shipping of large, heavy, or complex projects with specialized logistics requirements. Our team is experienced in planning and managing every stage of the shipment, from selecting the best route, arranging transportation using various modes (sea, land, air), to packaging and loading the cargo. We also ensure that each project is meticulously controlled according to the client's needs, with special attention to safety, time efficiency, and compliance with applicable regulations, ensuring smooth delivery of large projects from start to finish.

PT GLOBAL MARINE LOGISTICS

Our Services :

Door-to-Door Service

We offer Door-to-Door Service that prioritizes convenience and efficiency for our clients in shipping goods, both domestically and internationally. This service covers the entire shipping process, from picking up the goods at the sender's address, managing transportation to the destination, to delivering directly to the final recipient's address. By leveraging our extensive global network and experience, we ensure that the goods arrive on time and safely, with no need for clients to worry about logistics arrangements or customs processes, as everything is handled by our professional team.

PT GLOBAL MARINE LOGISTICS

Our Services :

Supply Chain Management

We offer comprehensive Supply Chain Management services to optimize the flow of goods and materials from suppliers to end consumers. With an integrated approach, we manage the entire supply chain, from planning, procurement, storage, to distribution, ensuring operational efficiency, cost reduction, and on-time delivery. Our team uses the latest technology to monitor and manage inventory, while quickly responding to market dynamics, allowing clients to focus on their core business while we handle logistics and supply chain operations optimally.

PT GLOBAL MARINE LOGISTICS

Our Services :

Procurement & Import Licensing

We offer complete Procurement and Import Licensing services to simplify the process for clients looking to import goods from abroad. Our team manages the entire procurement process, from selecting trusted suppliers, negotiating prices, to acquiring goods according to the desired specifications. Additionally, we handle all import licensing, including document submission, customs procedures, and clearance, ensuring that the import process runs smoothly, efficiently, and in compliance with the regulations of the destination country. With our experience and extensive network, we ensure that imported goods arrive on time and meet the required standards.

PT GLOBAL MARINE LOGISTICS

SUPPLIER PAYMENTS INTERNASIONAL

We provide supplier payment services using foreign currencies. With a transparent and reliable system, we facilitate seamless and professional cross-border transactions.
